

DNI Agreement With Limited Drivers

I agree for a deduction of £4.00 for 2 shifts or £8 for 3 shifts plus to be deducted from my weekly pay for each shift that I work as this is to cover myself on Drivers Negligence Insurance. Insurance Excess / Gross Negligence. I understand that if I only work one shift in the week I will not be deducted anything.

At More Recruitment Group we understand that accidents can and do happen, however when loss or damage to company vehicles or equipment up to the value of the insurance excess is due to gross negligence or careless actions by the worker then the cause of any incident will be determined by an internal investigation in accordance with the More Recruitment Group driver negligence procedure.

If the incident is proven to be of gross negligence or careless in nature then More Recruitment Group reserve the right to deduct the insurance excess over an agreed period of time or in one lump sum payment.

This has been communicated between myself and More Recruitment Group.
